

Pine Strawberry School's Integrated Action Plan 2022-2023

Each year the Title I Team completes a comprehensive needs assessment to identify the primary needs of the school. This year the school will implement a plan and take action to address the following needs.

1. Pine Strawberry School will offer appropriate opportunities for staff, families, and community members to collaborate and participate in school related events, activities, and decision making.
2. Pine Strawberry School will develop a master schedule that is consistent and organized around students' needs. Schedule will include WIN (What I Need) for intervention and enrichment opportunities.
3. Pine Strawberry School will have a Reading Specialist provide intervention.
4. Pine Strawberry School will consistently support students' social emotional learning by implementing a Capturing Kids Hearts.
5. Pine Strawberry School will provide or offer professional development for teachers based on individual needs and appropriate content areas.
6. Pine Strawberry School will offer Summer School for students at risk in math and reading.
